

S.E.A.L. Solutions, Inc.

CAPABILITY STATEMENT

A Certified Service-Disabled Veteran-Owned Business

S.E.A.L. Solutions, Inc. (Security, Electronics, Automation, Lighting) is a verified service-disabled veteran owned small business (SDVOSB) and an award-winning system integration company with a long history of success with more than 20 years of experience. We design premier cutting-edge audio/video systems and ensure that they are deployed seamlessly. Along with audio/video systems, we specialize in computer related equipment, lighting systems and more as noted on our website; www.sealav.com. Chris Wyllie graduated from the U.S. Navy's advanced electronic school and later became a member of the most elite fighting group in the world, the U.S. Navy SEALs. Today his work continues with electronics, including photo intelligence gathering, satellite communications, surveillance, etc.
